

23rd March 2021

Dear Parents,

Update on full return to Old Church

I am writing to keep you updated on the situation at the nursery.

I am told that we should all be able to return to Old Church on Tuesday 13th April.

As you are probably aware with most building work, there are often unforeseen circumstances that may result in delays.

If, for example, the delays resulted in us only having access to one or two classrooms at Old Church Nursery after the Easter holidays, we would like to be able to ensure that all our existing children who are currently participating in online learning at home are able to return to nursery as a priority.

In order to be able to do this, it may be necessary for the priority children who have been attending nursery on the Marion Richardson site to remain there for a little longer. I think you will agree that the children have coped very well with the temporary setting and they are thriving.

I would like to reassure you that we are doing everything possible to ensure that Old Church will be ready.

I will see how the work progresses during the holiday and will be in touch to confirm arrangements before term starts.

Once again I would like to thank you for your understanding and support through this difficult time.

Best wishes

Sarah
